A WORD FROM Our CEO

I am excited about the opportunity to act as the CEO for Alaska Attachment and Bonding Associates. I have been involved in the workshops since 1998 and I think I have attended every one that was ever given. I am the grandmother of two boys who although they have not been officially diagnosed with Attachment Disorder, they definitely meet the criteria. I am a Licensed Professional Counselor and a Chemical Dependency Counselor/Supervisor in the State of Alaska and have managed and directed an emergency shelter, an adolescent treatment center and a treatment center for adolescent girls. I currently work with adults experiencing chronic mental illness including anxiety and attachment disorders. I am passionate about my work with children and adults. Someone once asked me what I thought could make a difference in someone's life. My answer, "Just one person who would listen and care". Throughout my life I hope I have been that person. I am excited about AABA and some of the ideas we are instituting. Hopefully we will provide more training, more education and more resources to the community. As always we welcome your input and donations. Those who we don't reach in youth become adults with the same baggage, the same behaviors.

Thank you

Kelly Eggleston, MS, LPC, CEO

WHAT drives AABA?

AABA is passionate about traumatized children.
AABA has first hand experience with Attachment Disorder children and knows the Special care and treatment needed to help these children learn, love and trust. Left untreated, children with Attachment Disorder and other emotional disorders are often times shipped to out-of-state Residential Treatment Centers (RTC's), are likely to become emotionally disturbed adults, unemployable, and are likely to be involved in drugs, alcohol or other illegal activities.

WHY should you care?

Because this is a preventable disorder and will take the community working together!
"BECAUSE THIS IS YOUR HOME" !
